Awareness on World Population Day and dental camp

Date: 11.07.2019

Venue: Annavaram

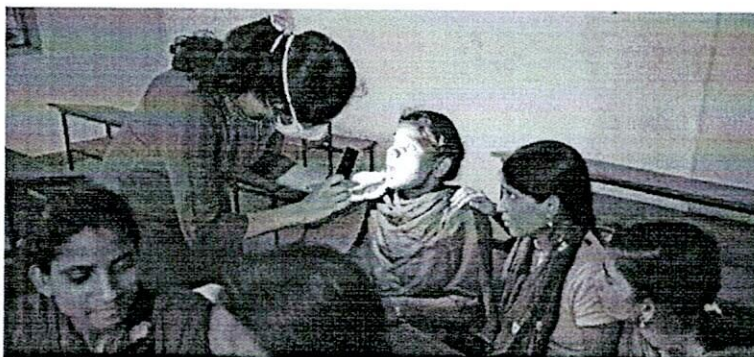

Faculty: Dr.Srinivas

Organising agency: Village Panchayat

Number of students attended: 14

SUMMARY:

World Population Day aims to increase people's awareness on various population issues such as the importance of family planning, gender equality, poverty, maternal health and human rights. **World Population Day** is an annual event, observed on July 11 every year, which seeks to raise awareness of global population issues. The event was established by the Governing Council of the United Nations Development Programme in 1989. So in order to increase the oral health knowledge, an awareness camp was conducted by the Department of Public health Dentistry, Anil Neerukonda Institute of Dental Sciences. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Awareness on World Hepatitis Day and dental camp

Date: 29.07.2019

Venue: Thatipudi

Faculty: Dr.Siva, Dr.Nagarjuna

Organising agency: Gram Panchayat

Number of students attended: 12

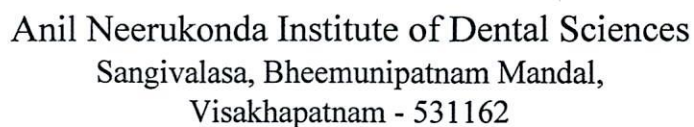

SUMMARY:

World Hepatitis Day, 28 July, is an opportunity to step up national and international efforts on hepatitis, encourage actions and engagement by individuals, partners and the public and highlight the need for a greater global response as outlined in the WHO's Global hepatitis report of 2017. So in order to increase the oral health knowledge, an awareness camp was conducted by the Department of Public health Dentistry, Anil Neerukonda Institute of Dental Sciences. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Awareness on Importance of Breast Feeding and dental camp

Date: 02.08.2019

Venue: Lakshmipuram

Faculty:Dr.Ngarajuna, Dr.Srinivas

Organising agency: Anganwadi centre

Number of students attended: 16

SUMMARY:

The health effects of breastfeeding are well recognized and apply to mothers and children. Though it is most apparent during infancy, these benefits have enduring effects that promote optimal health throughout the life of the breastfed baby and his mother. Human milk is a complex, living substance with numerous disease-fighting and health-promoting ingredients. It is a complete infant support system that provides both nutrition and protection. So in order to increase the oral health knowledge, an awareness camp was conducted by the Department of Public health Dentistry, Anil Neerukonda Institute of Dental Sciences. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Patient safety and dental camp

Date: 19.09.2019

Venue: Gudilova

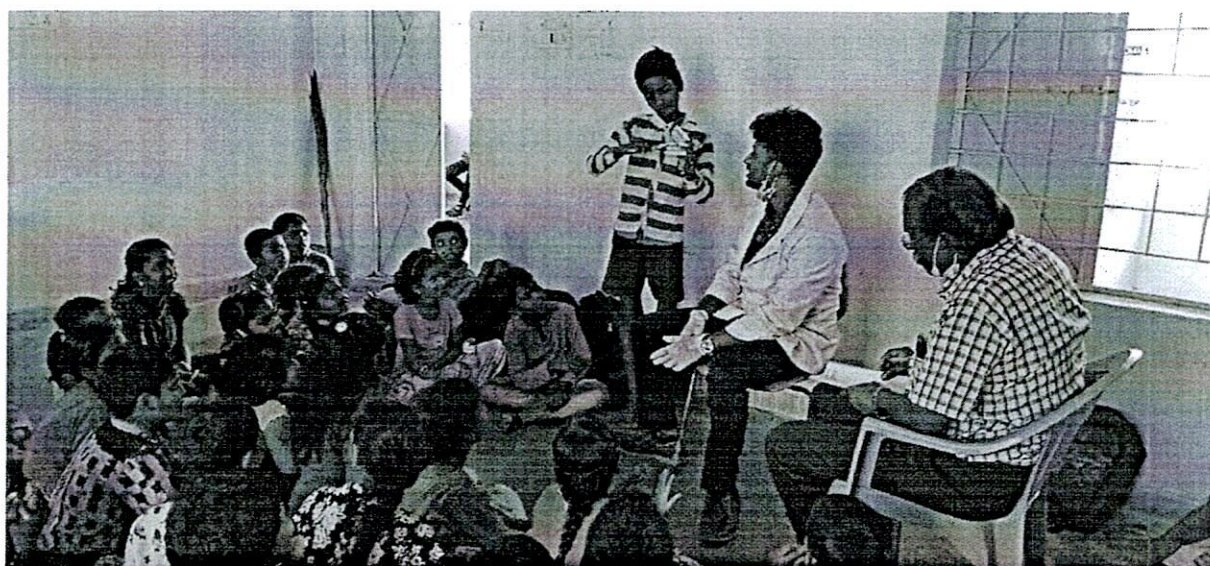

Faculty: Dr.Yashwant, Dr.Srinivas

Organising agency: gram panchyat

Number of students attended: 15

SUMMARY:

Patient safety is a basic need and a necessity in any medical fraternity. For this to occur, awareness is a must. So in order to increase the oral health knowledge, an awareness camp was conducted by gram panchyat. Oral health education was given with main focus on brushing techniques. Individuals were examined and oral hygiene instructions were given accordingly. About 150 patients were screened and referred to the hospital for the treatment. There was a good response from the staff and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Awareness on International Day for Girl Child and dental camp

Date: 11.10.2019

Venue: chandaka

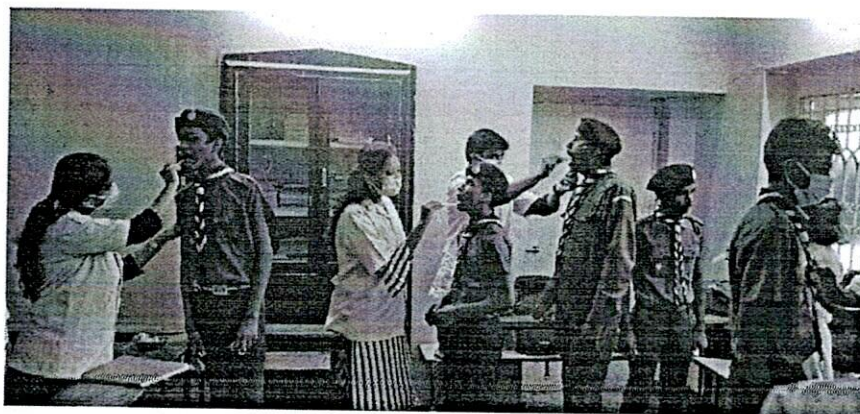

Faculty: Dr. Vineela, Dr. Yaswant

Organising agency: Village Panchayat

Number of students attended: 16

SUMMARY:

International Day of the Girl Child is an international observance day declared by the United Nations; it is also called the Day of Girls and the International Day of the Girl. October 11, 2012, was the first Day of the Girl Child. The observation supports more opportunity for girls and increases awareness of gender inequality faced by girls worldwide based upon their gender. So in order to increase the oral health knowledge, an awareness camp was conducted by the Department of Public health Dentistry, Anil Neerukonda Institute of Dental Sciences. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Oral cancer awareness and mega medical and dental camp

Date: 06.11.2019

Venue: Pendurthy

Faculty: Dr.Siva, Dr.Srinivas

Organising agency: gram panchyat

Number of students attended: 15

SUMMARY:

Many of oral health problems are preventable and we all are well versed with the quote 'prevention is better than cure'. So in order to increase this awareness camp was conducted by Pendurthy. Oral health education was given with main focus on awareness on cancer and its relation with tobacco. Individuals were examined and oral hygiene instructions were given accordingly. About 120 patients were screened and referred to the hospital for the treatment. There was a good response from the staff and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Venue: Anandapuram

Faculty: Dr. Yashwant Sai, Dr. Srinivas Rao, Dr. Siva

Organising agency: gram panchyat

Number of students attended: 16

SUMMARY:

Oral health is a basic need and a necessity and for this to occur, awareness is a must. So in order to increase the oral health knowledge, an awareness camp was conducted by gram panchyat. Oral health education was given with main focus on brushing techniques. Individuals were examined and oral hygiene instructions were given accordingly. About 250 patients were screened and referred to the hospital for the treatment. There was a good response from the staff and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Ill effects of antibiotic over usage and dental camp

Date : 13.11.2019

Venue : Rajapulova

Faculty: Dr. Srinivas

Organising agency: ZPH School

Number of students attended: 16

SUMMARY:

Taking antibiotics too often or for the wrong reasons can **change bacteria so much that antibiotics don't work against them**. This is called bacterial resistance or antibiotic resistance. Some bacteria are now resistant to even the most powerful antibiotics available. Antibiotic resistance is a growing problem. So in order to increase the oral health knowledge, an awareness camp was conducted by Anil Neerukonda Institute of Dental Sciences. Oral health education was given. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

diabetes and oral health and dental camp

Date :14.11.2019

Venue : Akkivaram

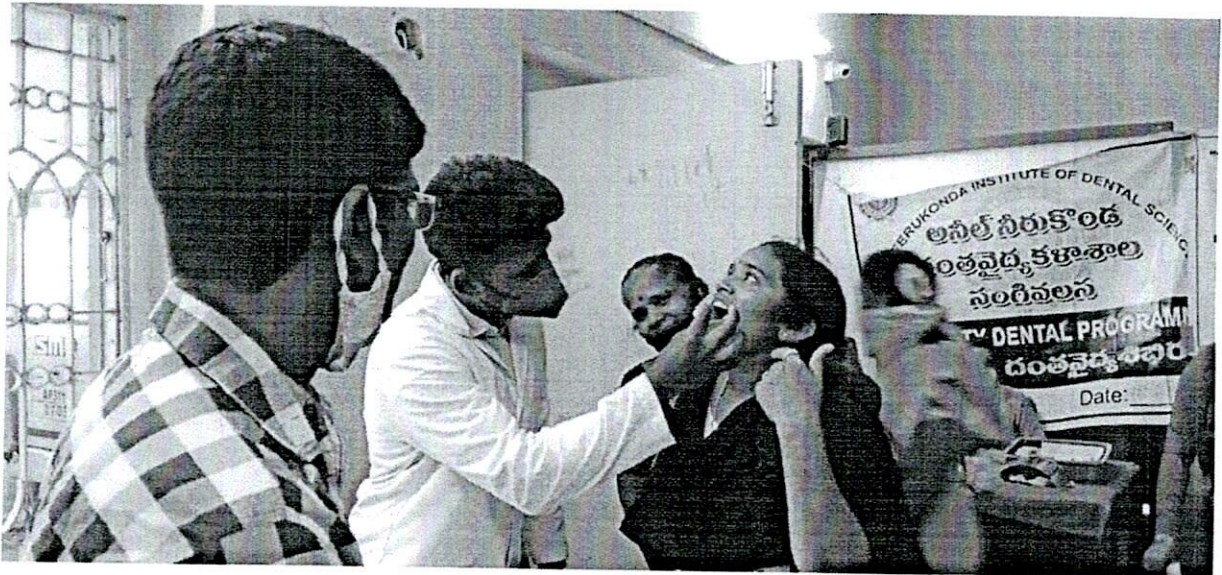

Faculty:Dr.Vineela, Dr.Yashwant

Organising agency: Village Secretariat

Number of students attended: 15

SUMMARY:

November is diabetes awareness month in the U.S. and across the globe. Throughout the month, individuals and groups spread awareness through programs, campaigns, and events intended to **educate their communities on the impact of diabetes**. So in order to increase the oral health knowledge, an awareness camp was conducted by Anil Neerukonda Institute of Dental Sciences. Oral health education was given. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. Human rights day and screening camp

Date :10.12.2019

Venue : Modavalasa

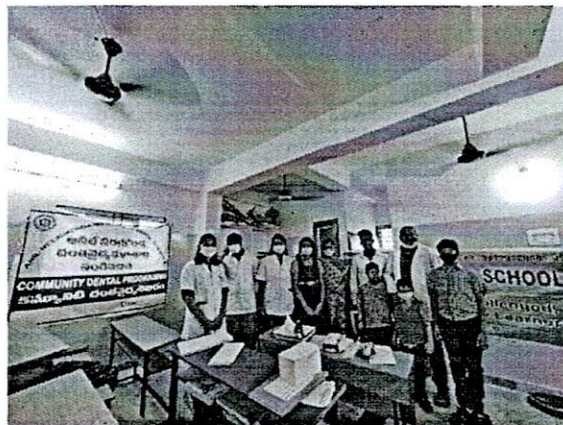

Faculty: Dr.Nagarjuna, Dr.Srinivas Rao

Organising agency: Gram Panchayat

Number of students attended: 16

SUMMARY:

Human Rights Day is observed every year on 10 December – the day on which the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights. The Universal Declaration of Human Rights empowers us all. The principles enshrined in the Declaration are as relevant today as they were in 1948. So in order to increase the oral health knowledge, an awareness camp was conducted by Lions club. Oral health education was given. Individuals were examined and oral hygiene instructions were given accordingly. About 150 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Mega dental and screening camp

Date :14.12.2019

Venue : Vishakapatnam

Faculty: Dr.Nagarjuna

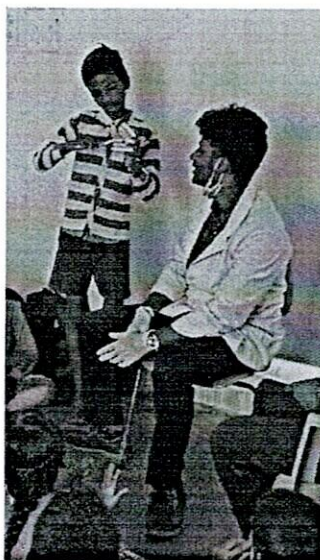

Organising agency: Lions Club

Number of students attended: 14

SUMMARY:

Why is it important to practice good dental hygiene? Good oral/dental health translates to **good health overall**. Dental problems such as cavities or gum disease can impair your ability to eat and speak properly, cause pain and bad breath.

. So in order to increase the oral health knowledge,an awareness camp was conducted by Lions club. Oral health education was given. Individuals were examined and oral hygiene instructions were given accordingly. About 150 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Tobacco ill effects on oral health and screening camp

Date :16.12.2019

Venue : Peddipalem

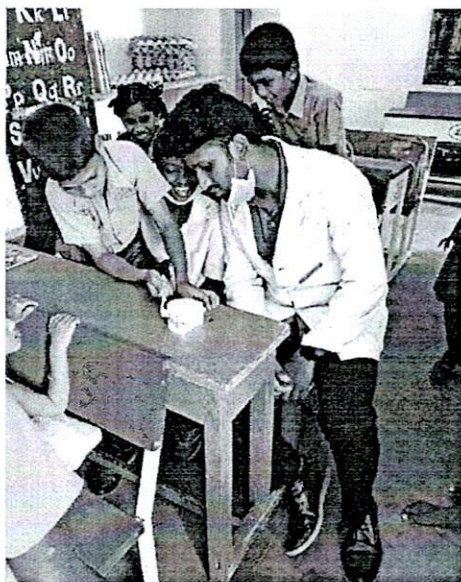

Faculty:Dr.Srinivas, Dr.Yashwant

Organising agency: Gram panchyat

Number of students attended: 18

SUMMARY:

Many of oral health problems are preventable and we all are well versed with the quote 'prevention is better than cure'. Lack of oral health literacy is the main reason for underutilization of the dental care facilities. So in order to increase the oral health knowledge,an awareness camp was conducted by NSS unit, Anil Neerukonda Institute of Dental Sciences. Oral health education was given with main focus on ill effects of tobacco. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

World leprosy day and dental camp

Date: 30.01.2020

Venue: Thudem

Faculty: Dr. Srinivas

Organising agency: Village Secretariat

Number of students attended: 16

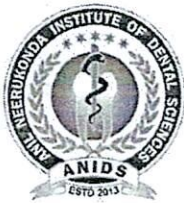

SUMMARY:

World Leprosy Day (WLD) is celebrated on 30 January. This international day is an opportunity to celebrate people who have experienced leprosy, raise awareness of the disease, and call for an end to leprosy-related stigma and discrimination. So in order to increase the oral health knowledge, an awareness camp was conducted by Anil Neerukonda Institute of Dental Sciences. Oral health education was given. Individuals were examined and oral hygiene instructions were given accordingly. About 90 patients were screened and referred to the hospital for the treatment. There was a good response from the staff and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

gender sensitivity awareness and oral screening camp

Date : 07.02.2020

Venue : Paderu

Faculty: Dr.Srinivas Rao, Dr.Yashwant Sai

Organising agency: Integrated tribal development agency

Number of students attended: 16

SUMMARY:

Gender inequality is treated as a punishable offence as per laws of most of the countries. It is important for parents and teachers to make the children sensitive towards the other gender. So in order to increase the oral health knowledge, an awareness camp was conducted by integrated tribal development agency. Oral health education was given with main focus on ill effects of tobacco. Individuals were examined and oral hygiene instructions were given accordingly. About 170 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

School health education and screening camp

Date: 15.02.2020

Venue: Gambiram

Faculty: Dr. Yashwant, Dr. Sujith

Organising agency: MPP School

Number of students attended: 16

SUMMARY:

Oral health a must for all as basic health includes both oral and general health. So in order to increase the oral health knowledge, an awareness camp was conducted by MPP school. Oral health education was given with main focus on brushing techniques. Individuals were examined and oral hygiene instructions were given accordingly. About 190 patients were screened and referred to the hospital for the treatment. There was a good response from the staff and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

oral health awareness and screening camp

Date : 07.03.2020

Venue : Kommadi

Faculty: Dr. Yashwant

Organising agency: ward secretariat

Number of students attended: 16

SUMMARY:

Many of oral health problems are preventable and we all are well versed with the quote 'prevention is better than cure'. Lack of oral health literacy is the main reason for underutilization of the dental care facilities. So in order to increase the oral health knowledge, an awareness camp was conducted by the Department of Public health Dentistry, Anil Neerukonda Institute of Dental Sciences. Oral health education was given with main focus on ill effects of tobacco. Individuals were examined and oral hygiene instructions were given accordingly. About 70 patients were screened and referred to the hospital for the treatment. There was a good response from the villagers and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.

Women empowerment and oral screening camp

Date: 14.03.2020

Venue : Kommadi

Faculty: Dr. Vineela, Dr. Yashwant

Organising agency: Visakha Nursing college

Number of students attended: 16

SUMMARY:

Women were restricted to be in home in olden days. In the current scenario both men and women are considered given the equal importance and playing similar role in running the family. So in order to encourage women, they should be empowered. In this regard, Anil Neerukonda Institute of Dental Sciences, organised Women empowerment program. Along with this Oral health education was given. Individuals were examined and oral hygiene instructions were given accordingly. About 100 patients were screened and referred to the hospital for the treatment. There was a good response from the staff and they appreciated the team for their services. The students who participated in the camp were happy for their work and got motivated.
